PRESS RELEASE

BGR Energy passes a milestone in Mettur project

Chennai, March 02, 2010: BGR Energy Systems Limited ('BGR Energy'), the EPC contractor for 1 x 600 MW Thermal Power Project for Tamil Nadu Electricity Board (TNEB) at Mettur, has crossed a major milestone in its endeavor, by successfully lifting and erecting Boiler Drum weighing 220-ton at a height of 76.5 meters. The Company has also started ESP and CHP structural erection and spearheading towards achieving targeted schedule of commissioning the Plant.

Boiler drum is one of the heaviest parts of a boiler in a power plant and Drum lifting is a milestone in boiler erection. Demonstrating its capabilities in handling such EPC contracts, BGR Energy has started Boiler structural erection works on 29th September 2009 and successfully achieved the target of Drum Lifting in a record time of just 107 working days.

"Successful completion of Boiler erection in a record-time is a testimony of the Company's abilities and thrust for on-time delivery of contracts" said Mr. B.G. Raghupathy, Chairman and Managing Director, BGR Energy, while congratulating the teams behind the project.

About Mettur Project

Mettur Project is an expansion of the existing 4 X 210 Thermal power project of TNEB at Mettur. The total contract value of the project is Rs. 3100.06 Crores. The Scope of works consists of Design, Engineering, Supply of Boiler, Steam Turbine Generator and complete Balance of Plant equipments. BGR Energy has bagged this EPC contract in an international competitive bidding.
